# About

**BIOSPAIN 2010 is the International Meeting on Biotechnology** to be held in Pamplona from the 29th of September to the 1st of October 2010. Since its first edition, launched back in the year 2003, it has become one of the leading biotechnology events in Europe.

**BIOSPAIN 2010** will feature several events, attracting a well balanced mixture of local and international companies, universities, national & overseas clusters, research institutes and governmental bodies:

TRADE Exhibition

BIOTEC 2010 Scientific Congress

PARTNERING Event

INVESTMENT Forum

PLENARY Sessions

BREAKOUT Sessions

CAREER Fair

The past edition, held in Granada in September 2008, attracted over 1.100 visitors/daily from 26 countries and displayed over 120 exhibitors.

### WHY ATTEND BIOSPAIN 2010?

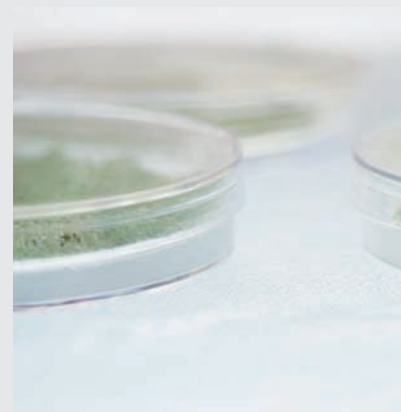

Spain represents more than 2.1% of the world's total GDP, with a modern knowledge-based economy that is supported by a young, highly qualified workforce. Spain is fast becoming a leader in innovation, generating advanced solutions in the biotechnological industry.

BIOSPAIN 2010 combines conferences, business meetings, scientific sessions and networking events to facilitate contacts between national and international companies, institutions and research centers in the field of biotechnology and related fields.

Your company or institution will gain instant access to the entire Spanish biotech sector by attending Biospain 2010. In addition to the expected 500 companies & institutions from Spain, Biospain 2010 will feature several international delegations from Europe, North America, Latin America & Asia.

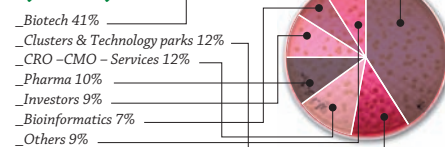

### BIOSPAIN 2008 RESULTS

- 1.500 attendees
- Over 520 companies at the partnering event
